

**The Mulberry School**  
**RSE (Relationships and Sexual Education)**  
**Policy**

**Author: Zoe Kirby**

**Date updated: July 2021**

## Introduction:

The Mulberry School is an independent specialist provision for children and young people who have been diagnosed with autism spectrum condition (ASC) and or moderate learning difficulties (MLD); as their main presenting need(s) and meet the criteria listed below. The school offers co-educational, day placements for students aged 8-16, currently with a provision to admit up to 36 students. The Mulberry School is part of a wider group and Adult Services operated by IBC Healthcare.

Student class sizes are managed to ensure small groups, usually groups of 6, which provides students with an appropriate peer group, according to key stage and ability levels. Where possible, placements will commence at the beginning of an academic term, although consideration will be given to individual circumstances. Where appropriate a gradual transition will be planned, involving multi-agency liaison and school visits.

As a registered independent school (not listed by the Secretary of State under Section 41 of the Children and Families Act 2014), those with parental responsibility and the young person concerned may request that The Mulberry School be named in the young person's Education, Health and Care Plan (EHCP), and the local authority will consider this request.

## Aims

The aims of relationships and sex education (RSE) at our school are to:

- Provide a framework in which sensitive discussions can take place
- Prepare students for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- Help students develop feelings of self-respect, confidence and empathy
- Create a positive culture around issues of sexuality and relationships
- Teach students the correct vocabulary to describe themselves and their bodies

As a school with primary aged students, the school must provide relationships education to all students as per section 34 of the [Children and Social work act 2017](#).

We do not have to follow the National Curriculum but we will offer all students a curriculum that is similar to the National Curriculum including requirements to teach RSE/science which would include the elements of sex education contained in the science curriculum.

In teaching RSE, we are required by our funding agreements to have regard to [guidance](#) issued by the secretary of state as outlined in section 403 of the [Education Act 1996](#).

At The Mulberry we teach RSE as set out in this policy.

As a school with secondary aged students, the school must provide RSE to all students as per section 34 of the [Children and Social work act 2017](#).

In teaching RSE, we are required by our funding agreements to have regard to [guidance](#) issued by the secretary of state as outlined in section 403 of the [Education Act 1996](#).

At The Mulberry School we teach RSE as set out in this policy.

## **Policy development**

This policy has been developed in consultation with staff, and Governors. Moving forward; the consultation and policy development process involved the following steps:

1. Review – a member of staff or working group pulled together all relevant information including relevant national and local guidance
2. Staff consultation – all school staff were given the opportunity to look at the policy and make recommendations
3. Parent/Carer/Stakeholder consultation – parents and any interested parties were invited to attend a meeting about the policy
4. Ratification – once amendments were made, the policy was shared with Governors and ratified

## **Definition**

RSE is about the emotional, social, and cultural development of students, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity, and personal identity.

RSE involves a combination of sharing information and exploring issues and values.

RSE is not about the promotion of sexual activity.

## **Curriculum**

Our curriculum is set out as per the curriculum policy, but we may need to adapt and update it as and when necessary.

Primary sex education will focus on:

- Preparing boys and girls for the changes that adolescence brings
- How a baby is conceived and born

For more information about our curriculum, see our PHSE curriculum which is underpinned by 'Thinkbox', also see our curriculum policy.

## **Delivery of RSE**

RSE is taught within the personal, social, health and economic (PSHE) education curriculum. Biological aspects of RSE are taught within the science curriculum.

Students may also receive stand-alone sex education sessions delivered by a trained health professional.

Relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships including:

- Families and people who care for me
- Caring friendships
- Respectful relationships
- Online relationships
- Being safe
- Human Life Cycle (Reproduction)

For more information about our RSE curriculum, PSHE (this is underpinned by 'Thinkbox') and Science curriculum.

RSE also focuses on (depending on age and stage), giving young people the information, they need to help them develop healthy, nurturing relationships of all kinds including:

- Families
- Respectful relationships, including friendships
- Online and media
- Being safe
- Intimate and sexual relationships, including sexual health

For more information about our RSE curriculum.

These areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

## **Roles and responsibilities**

### **The Governing Body**

The Governing Body will hold the Headteacher to account for the implementation of this policy.

### **The Headteacher**

The Headteacher is responsible for ensuring that RSE is taught consistently (and appropriately to individual needs) across the school, and for managing requests to withdraw students from non-statutory components of RSE.

## **Staff**

Staff are responsible for:

- Delivering RSE in a sensitive way
- Modelling positive attitudes to RSE
- Monitoring progress
- Responding to the needs of individual students

Responding appropriately to students whose parents/carers wish them to be withdrawn from the non-statutory / non science components of RSE.

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the Headteacher.

All teachers are responsible for teaching their individual class RSE in school.

## **Students**

Students are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

### **Parents and Carers right to withdraw**

Parents/carers have the right to withdraw their children from the non-statutory / non-science components of sex education within RSE.

Requests for withdrawal should be put in writing using the form found in **Appendix 3** of this policy and addressed to the Headteacher.

Alternative work will be given to students who are withdrawn from sex education.

For secondary aged students, parents/carers have the right to withdraw their children from the non-statutory/non-science components of sex education within RSE up to and until 3 terms before the child turns 16. After this point, if the child wishes to receive sex education rather than being withdrawn, the school will arrange this.

A copy of withdrawal requests will be placed in the student's educational record. The Headteacher will discuss the request with parents/carers and take appropriate action.

Alternative work will be given to students who are withdrawn from sex education.

## **Training**

Staff are trained on the delivery of RSE as part of their induction and it is included in our continuing professional development calendar.

The Headteacher will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

## **Monitoring arrangements**

The delivery of RSE is monitored by the Headteacher through:

- Planning scrutinise
- Lesson observations
- Learning walks
- PSHE / Science work books

Students' development in RSE is monitored by class teachers as part of our internal assessment systems.

This policy should be read in conjunction with:

- Keeping Children Safe in Education (statutory guidance)
- Respectful School Communities: Self Review and Signposting Tool (a tool to support a whole school approach that promotes respect and discipline)
- Behaviour and Discipline in Schools (advice for schools, including advice for appropriate behaviour between students)
- Equality Act 2010 and schools
- SEND code of practice: 0 to 25 years (statutory guidance)
- Alternative Provision (statutory guidance)
- Mental Health and Behaviour in Schools (advice for schools)
- Preventing and Tackling Bullying (advice for schools, including advice on cyberbullying)
- Sexual violence and sexual harassment between children in schools (advice for schools)
- The Equality and Human Rights Commission Advice and Guidance (provides advice on avoiding discrimination in a variety of educational contexts)
- Promoting Fundamental British Values as part of SMSC in schools (guidance for maintained schools on promoting basic important British values as part of students' spiritual, moral, social and cultural (SMSC)
- SMSC requirements for independent schools (guidance for independent schools on how they should support students' spiritual, moral, social and cultural development).
- National Citizen Service guidance for schools
